Subject Index to Volume 234 (July-December 2001)

A

- Abdomen, gunshot wound, selective nonoperative management, 395
- Abdominal aortic aneurysm
 - endoluminal graft repair vs. open repair, 427
 - endovascular graft repair, 323
- Adenocarcinoma
 - esophageal
 - en bloc esophagectomy with abdominal and mediastinal lymphadenectomy for, 520
 - prognosis after resection, 360
 - pancreatic, aggressiveness, telomerase activity and, 344
- Adenoma, ACTH receptor gene expression in adrenocortical adenoma in Cushing syndrome, 85
- Adhesions, peritoneal, sensory nerve fibers in
- Adjuvant therapy
 - rectal cancer, 641
 - resection margin-positive pancreatic cancer, 758
- Adrenocorticotropin, ACTH receptor gene expression in adrenocortical adenoma in Cushing syndrome, 85
- Age/aging
 - liver transplantation for hepatitis C, 384
 - prognostic significance in rectal cancer with lateral nodal involvement, 190
- Allelotyping, in colorectal cancer, 795
- American Society for Anesthesiology (ASA) score, risk of surgical site infection in elective colorectal resection, 181
- Ampullary carcinoma, aggressiveness, telomerase activity and, 344
- Analgesia, epidural, effect on perioperative outcome, 560
- Anesthesia, epidural, effect on perioperative outcome, 560
- Aneurysm
 - abdominal aortic, 323, 427
 - renal artery, 454
- Animal studies
 - effect of oral glutamine on lymphocyte subpopulations and glutathione metabolism in Peyer's patches in endotoxemic mice, 92
 - Fas- and tumor necrosis factor receptor 1-mediated liver injury, therapeutic blockade of Fas-associated protein with death domain (FADD) (mice), 681
 - kidney allograft behavior after treatment of brain dead donor (rat), 732
 - protective effect of preconditioning in rat intestinal transplantation, 98
 - recombinant bactericidal/permeability-increasing protein (rBPI₂₁) in ischemia/reperfusion-associated sepsis (swine), 233
 - vasodilators in segmental mesenteric vascular occlusion (rat), 107
- Antireflux surgery
 - in Barrett's esophagus, 532
 - Barrett's metaplasia, 627

- intestinal metaplasia in columnar-lined esophagus, 619
- outcome, delayed gastric emptying and, 139
- proliferative activity in Barrett's esophagus, 172
- Aortic dissection, type A, integrated surgical and circulation management approach, 336
- Apoptosis, Fas- and tumor necrosis factor receptor 1-mediated liver injury, therapeutic blockade of Fas-associated protein with death domain (FADD) (mice), 681
- Appendiceal cancer, peritoneal dissemination, second-look surgery in, 198
- Asthma, reflux-induced (*letter*), 130
- Atrial natriuretic peptide, plasma, in biliary obstruction, 652

B

- Bariatric surgery
 - gastric bypass, laparoscopic vs. open, outcomes, QOL, and costs, 279
 - gastric bypass and venous stasis disease in morbidly obese, 41
- Barrett's esophagus, 619
 - antireflux surgery, 532
 - prevention, antireflux surgery vs. medical therapy, 627
 - proliferative activity, 172
- Bile duct injury, in laparoscopic cholecystectomy, 549
 - quality of life assessment at 5 years, 750
- Biliary tract
 - bile duct cancer, biliary-enteric surgical drainage and, 210
 - bile duct injury during laparoscopic cholecystectomy. *See* Bile duct injury
 - common bile duct stones. *See* Choledocholithiasis
 - obstruction, cardiac function, 652
 - preoperative biliary decompression, pancreaticoduodenectomy-associated morbidity, 47
- Billings, John Shaw, 267
- Billroth I pylorus-preserving pancreaticoduodenectomy, erythromycin, delayed gastric emptying, and gastric motility, 668
- Blood pressure, renal artery aneurysms, 454
- Blood transfusion, risk of surgical site infection in elective colorectal resection, 181
- Body composition, liver transplantation, sequential changes over 12 months, 245
- Bone marrow, hematopoiesis inhibition by trauma plasma, 224
- Book reviews, 127
- Brain death
 - auxiliary partial orthotopic vs. standard orthotopic liver transplantation for acute liver failure, 723
 - kidney allograft behavior after treatment of brain dead donor (rat), 732
- Brain natriuretic peptide, plasma, in biliary obstruction, 652
- Breast cancer
 - internal mammary sentinel lymph node biopsy, 79
 - sentinel lymph node biopsy, optimal surgeon experience, 292
- Bypass surgery, infrainguinal vein bypass, 697

C

- Carcinogenesis, DNA methylation in, 10
- Cardiac surgery, quality improvement, 464
- Carotid endarterectomy, in women, 438
- Chemoradiation
- adjuvant, resection margin-positive pancreatic cancer, 758
 - downstaging
 - local excision of T2/T3 rectal cancer after, 352
 - sphincter-saving resection for lower third T3 rectal cancer, 633
- Chemotherapy
- adjuvant, resection margin-positive pancreatic cancer, 758
 - adult rhabdomyosarcoma, 215
 - intraoperative, cytoreductive surgery plus, for peritoneal dissemination of appendiceal malignancy, 198
- Cholangiocarcinoma
- aggressiveness, telomerase activity and, 344
 - hilar, staging, resectability, and outcome, 507
 - late development, previous biliary-enteric surgical drainage and, 210
- Cholangitis, biliary-enteric surgical drainage and, late development of cholangiocarcinoma, 210
- Cholecystectomy
- laparoscopic. *See* Laparoscopy
 - mini-laparotomy, laparoscopic vs., 741
- Choledocholithiasis, magnetic resonance cholangiography and ERCP in, 33
- Cirrhosis, hepatocellular carcinoma in, liver resection for, 71
- Coagulopathy, in acute pediatric liver failure, plasmapheresis and, 418
- Colonic reservoir, transverse colectomy pouch, 780
- Colorectal cancer
- allelic imbalance in, 795
 - laparoscopic-assisted resection, 590
- Colorectal resection, elective, risk factors for surgical site infection, 181
- Compliance, adjuvant therapy in rectal cancer, 641
- Computed tomography, diagnostic accuracy of Lipiodol CT vs. helical biphasic CT in hepatocellular carcinoma, 56
- Computer-assisted surgery
- surgery of the 21st century (*Editorial*), 8
 - telebotanical laparoscopic cholecystectomy, 1
- Coronary artery disease, internal thoracic artery/radial artery T graft for myocardial revascularization, 447
- Cox proportional hazards model
- liver transplantation for hepatitis C, 384
 - risks for reoperation after recurrent groin hernia repair, 122
- Creatinine, serum, liver transplantation for hepatitis C, 384
- Culture studies, hematopoiesis inhibition by trauma plasma, 224
- Cushing syndrome, ACTH receptor gene expression in adrenocortical adenoma, 85
- Cystic tumors, pancreas, 18-FDG-PET in, 675
- Cytokines, Fas- and tumor necrosis factor receptor 1-mediated liver injury, therapeutic blockade of Fas-associated protein with death domain (FADD)(mice), 681
- Cytoreductive surgery, intraoperative chemotherapy plus, for peritoneal dissemination of appendiceal malignancy, 198

D

- Department of Veterans Affairs (VA), national database, quality improvement in cardiac surgery, 464
- DNA array technology, disease-specific genes in chronic pancreatitis, 769
- DNA methylation, in carcinogenesis, 10
- Drainage
- biliary-enteric surgical drainage, late development of cholangiocarcinoma, 210
 - internal biliary drainage in obstructive jaundice, cardiac function and, 652
 - intraoperative drainage after pancreatic resection, 487
 - portal venous vs. systemic venous drainage for pancreas transplantation, 689
 - preoperative biliary decompression, pancreaticoduodenectomy-associated morbidity, 47
- Duodenal carcinoma, aggressiveness, telomerase activity and, 344
- Duodenum, perforation, after ECRP (*letter*), 132

E

- Echocardiography, transesophageal, in acute type A dissection, 336
- Economic issues
- gastric bypass, laparoscopic vs. open, 279
 - impact of pancreatic head resection on medical costs in chronic pancreatitis, 661
- Editorial
- delayed gastric emptying in patients with abnormal gastroesophageal reflux, 147
 - is there a "standard of care" operation for esophageal cancer, 588
 - surgery of the 21st century, 8
- Education
- robotic surgical training in academic institution, 475
 - surgical education in the third millennium, 709
 - surgical outcomes, teaching vs. nonteaching hospitals, 370
 - surgical residency training and bile duct injury during laparoscopic cholecystectomy, 549
- Electroencephalography, in acute type A dissection, 336
- Electrothermal system, sutureless closed hemorrhoidectomy, 21
- Encephalopathy, in acute pediatric liver failure, plasmapheresis and, 418
- Endoscopic retrograde cholangiopancreatography
- duodenal perforation after (*letter*), 132
 - preoperative evaluation of choledocholithiasis, 33
- Endoscopic ultrasound, lymph node metastases in esophageal cancer, prognostic impact of number of metastases, 613
- Endoscopy
- endoscopic surveillance of columnar-lined esophagus, 619
 - endoscopic suturing and knot-tying, 607
 - preoperative biliary decompression, pancreaticoduodenectomy-associated morbidity, 47
- Endotoxemia, effect of oral glutamine on lymphocyte subpopulations and glutathione metabolism in Peyer's patches (mice), 92
- Energy expenditure, resting, liver transplantation, sequential changes over 12 months, 245
- ERCP. *See* Endoscopic retrograde cholangiopancreatography
- Erythromycin, low-dose, after Billroth I pylorus-preserving pancreaticoduodenectomy, 668

- Esophageal cancer
 adenocarcinoma. *See* Adenocarcinoma
 en bloc esophagectomy, 581
 skeletonizing, 25
 lymph node metastasis, prognostic impact of number of metastases, 613
 prognostic impact of tumor type, 360
 "standard of care" operation (*Editorial*), 588
 Esophagectomy, en bloc
 for esophageal adenocarcinoma, 520
 for esophageal cancer, 581
 skeletonizing, for esophageal cancer, 25
 Esophagus, columnar-lined, intestinal metaplasia development, 619

F

- Fas-associated protein with death domain (FADD), therapeutic blockade, in Fas- and tumor necrosis factor receptor 1-mediated liver injury (mice), 681
 18-Fluorodeoxyglucose positron emission tomography (FDG-PET)
 cystic pancreatic tumors, 675
 recurrent well-differentiated thyroid carcinoma, 804

G

- Gallbladder, polypoid lesions smaller than 10 mm, 657
 Gastric bypass
 laparoscopic vs. open, outcomes, QOL, and costs, 279
 risks and benefits in venous stasis disease, 41
 Gastric emptying, delayed
 after Billroth I pylorus-preserving pancreaticoduodenectomy, low-dose erythromycin and, 668
 impact on outcome of antireflux surgery, 139
 Gastric motility, after Billroth I pylorus-preserving pancreaticoduodenectomy, low-dose erythromycin and, 668
 Gastroesophageal reflux disease
 asthma and (*letter*), 130
 delayed gastric emptying in (*Editorial*), 147
 posterior gastric fixation (*letter*), 425
 surgical management. *See* Antireflux surgery
 Gender
 carotid endarterectomy in women, 438
 donor, liver transplantation for hepatitis C, 384
 Genetics
 ACTH receptor gene expression in adrenocortical adenoma in Cushing syndrome, 85
 disease-specific genes in chronic pancreatitis, DNA array technology, 769
 Geriatric population, abdominal aortic aneurysm, endoluminal graft repair, 427
 Glutamine, oral feeding, effect on lymphocyte subpopulations and glutathione metabolism in Peyer's patches in endotoxemic mice, 92
 Glutathione metabolism, in Peyer's patches of endotoxemic mice, oral glutamine feeding and, 92
 Grafts
 endovascular grafts for abdominal aortic aneurysm repair, 323
 internal thoracic artery/radial artery T graft, 447

- Gunshot wound, abdomen, selective nonoperative management, 395

H

- Halsted, William Stewart, letters to a young female admirer, 702
 Hematopoiesis, inhibition by trauma plasma, 224
 Hemorrhoidectomy, sutureless closed hemorrhoidectomy, 21
 Hepatitis C, liver transplantation, prognostic variables, 384
 Hepatocellular carcinoma
 on cirrhosis, liver resection for, 71
 diagnostic accuracy of Lipiodol computed tomography vs. helical biphasic CT, 56
 resection
 preoperative evaluation without biopsy, 206
 survival results over 10-year period, 63
 Hernia
 hiatal, posterior gastric fixation (*letter*), 425
 recurrent groin hernia repair, risks for reoperation after, 122
 History
 early contributions to the Johns Hopkins Hospital by the "other" surgeon: John Shaw Billings, 267
 William Stewart Halsted, letters to a young female admirer, 702
 Hypermetabolism, liver transplantation, 245

I

- Ileal pouch-anal anastomosis, restorative proctocolectomy with ileal pouch-anal anastomosis for ulcerative colitis, one- vs. two-stage procedure, 788
 Immune function, effect of oral glutamine on lymphocyte subpopulations and glutathione metabolism in Peyer's patches in endotoxemic mice, 92
 Immunohistochemistry
 proliferative activity in Barrett's esophagus, 172
 sensory nerve fibers in peritoneal adhesions, 256
 Immunosuppressive therapy, intestinal transplantation, 404
 Infrainguinal vein bypass, outcome, 697
 Internal thoracic artery/radial artery T graft, for myocardial revascularization, 447
 Internet, real-time intraoperative consultation in laparoscopic surgery via Internet, 165
 Intestinal immunity, effect of oral glutamine on lymphocyte subpopulations and glutathione metabolism in Peyer's patches in endotoxemic mice, 92
 Intestinal metaplasia, in columnar-lined esophagus
 impact of antireflux surgery, 619
 prevention, 627
 Intestinal transplantation
 ischemia/reperfusion injury, protective effect of preconditioning (rat), 98
 long-term efficacy, 404
 Intestinal viability, acute segmental mesenteric vascular occlusion, vasodilator therapy (rat), 107
 Intraductal papillary mucinous neoplasms, pancreas, 313
 Ischemia/reperfusion injury
 in intestinal transplantation, protective effect of preconditioning (rat), 98
 kidney allograft behavior after treatment of brain dead donor (rat), 732
 lower extremity, recombinant bactericidal/permeability-increas-

ing protein (rBPI₂₁) in ischemia/reperfusion-associated sepsis (swine), 233

Isoproterenol, in mesenteric vascular occlusion, intestinal viability and (rat), 107

J

Jaundice, obstructive, cardiac function after internal biliary drainage, 652

K

Kidney transplantation

allograft behavior after treatment of brain dead donor (rat), 732
laparoscopic live donor nephrectomy with a 23-hour stay (*letter*), 131

living donor kidney transplants: single-center experience with 2500 transplants, 149

Ki-67 labeling index, proliferative activity in Barrett's esophagus, 172

L

Laparoscopy

laparoscopic-assisted resection of colorectal cancer, 590

laparoscopic cholecystectomy

bile duct injury, 549

bile duct injury and quality of life, 750

mini-laparotomy cholecystectomy vs., 741

preoperative evaluation with magnetic resonance cholangiography and ERCP, 33

real-time intraoperative consultation via Internet, 165

telerobotic, 1

laparoscopic gastric bypass, open procedure vs., 279

Letters, 130, 262, 425

Liver, colorectal cancer metastases, allelotyping, 795

Liver failure, acute

auxiliary partial orthotopic vs. standard orthotopic liver transplantation for, 723

in children, plasmapheresis for, 418

Liver injury, Fas- and tumor necrosis factor receptor 1-mediated, therapeutic blockade of Fas-associated protein with death domain (FADD) (mice), 681

Liver resection

hepatocellular carcinoma

preoperative evaluation without biopsy, 206

survival results over 10-year period, 63

hepatocellular carcinoma on cirrhosis, 71

sarcoma metastatic to liver, 540

Liver transplantation

auxiliary partial orthotopic vs. standard orthotopic liver transplantation for acute liver failure, 723

for hepatitis C, prognostic variables, 384

living donor

in children, 713

single-center experience with 109 transplants, 301

metabolic response, sequential changes over 12 months, 245

split-liver, in children, 713

Lung injury, in lower extremity ischemia/reperfusion injury, recombinant bactericidal/permeability-increasing protein

(rBPI₂₁) in ischemia/reperfusion-associated sepsis (swine), 233

Lymphadenectomy, in en bloc esophagectomy, 520, 581
skeletonizing, 25

Lymphocyte(s), in Peyer's patches of endotoxemic mice, oral glutamine feeding and, 92

M

Magnetic resonance cholangiography, preoperative evaluation of choledocholithiasis, 33

Mesenteric vascular occlusion, intestinal viability after vasodilator therapy (rat), 107

Mesh, in recurrent hernia repair, 122

Metabolic response, liver transplantation, sequential changes over 12 months, 245

Metastatic disease

adult rhabdomyosarcoma, 215

distant, prognostic significance in rectal cancer with lateral nodal involvement, 190

hepatic, in colorectal cancer, allelotyping, 795

sarcoma metastatic to liver, 540

Microsatellite instability, in colorectal cancer, 795

Morbidity and mortality

abdominal aortic aneurysm repair, endovascular grafts, 323

auxiliary partial orthotopic vs. standard orthotopic liver transplantation for acute liver failure, 723

effect of epidural anesthesia and analgesia on perioperative outcome, 560

elective colorectal resection, risk factors for surgical site infection, 181

endoluminal graft repair for abdominal aortic aneurysm, 427

gastric bypass and venous stasis disease, 41

intraoperative drainage after pancreatic resection, 487

kidney allograft behavior after treatment of brain dead donor (rat), 732

lateral nodal involvement in rectal cancer, 190

living donor liver transplantation, single-center experience with 109 transplants, 301

myocardial revascularization with internal thoracic artery/radial artery T graft, 447

necrotizing pancreatitis, 572

pancreaticoduodenectomy, preoperative biliary decompression, 47

restorative proctocolectomy with ileal pouch-anal anastomosis for ulcerative colitis, one- vs. two-stage procedure, 788

surgical outcomes, teaching vs. nonteaching hospitals, 370

surgical results in multiple endocrine neoplasia type 1 and Zollinger-Ellison syndrome, 495

sutureless closed hemorrhoidectomy, 21

transverse coloplasty pouch, 780

T3 rectal cancer, preoperative radiochemotherapy and sphincter-saving resection for, 633

Multiple endocrine neoplasia (MEN) type 1, surgical results, 495

Myocardial function, in obstructive jaundice, effect of internal biliary drainage, 652

Myocardial revascularization, internal thoracic artery/radial artery T graft, 447

N

Necrotizing pancreatitis, conservative management, 572

Nerve fibers, sensory, in peritoneal adhesions, 256
 Neurologic disorders, auxiliary partial orthotopic vs. standard orthotopic liver transplantation for acute liver failure, 723
 Nissen fundoplication, effect on gastric emptying, 139
 Nitric oxide, protective effect of preconditioning on cold ischemia/reperfusion injury in rat intestinal transplantation, 98
 Norepinephrine, in mesenteric vascular occlusion, intestinal viability and (rat), 107

O

Obesity, venous stasis disease, risks and benefits of gastric bypass, 41
 Octreotide, prophylactic, after pancreaticoduodenectomy (*letter*), 262
 Outcome
 adult rhabdomyosarcoma, 215
 antireflux surgery
 in Barrett's esophagus, 532
 delayed gastric emptying and, 139
 carotid endarterectomy in women, 438
 effect of epidural anesthesia and analgesia on perioperative outcome, 560
 esophageal cancer, skeletonizing en bloc esophagectomy, 25
 gastric bypass, laparoscopic vs. open, 279
 hilar cholangiocarcinoma, 507
 infrainguinal vein bypass, 697
 liver transplantation for hepatitis C, 384
 living donor kidney transplants: single-center experience with 2500 transplants, 149
 restorative proctocolectomy with ileal pouch-anal anastomosis for ulcerative colitis, one- vs. two-stage procedure, 788
 split-liver vs. living donor liver transplantation in children, 713
 surgical outcomes, teaching vs. nonteaching hospitals, 370

P

Pain, sensory nerve fibers in peritoneal adhesions, 256
 Pancreas
 cystic tumors, 18-FDG-PET in, 675
 intraductal papillary mucinous neoplasms, 313
 surgical results in multiple endocrine neoplasia type 1 and Zollinger-Ellison syndrome, 495
 Pancreas transplantation, portal venous vs. systemic venous drainage, 689
 Pancreatic cancer
 aggressiveness, telomerase activity and, 344
 resection margin-positive, adjuvant chemotherapy and survival, 758
 Pancreaticoduodenectomy
 Billroth I pylorus-preserving, erythromycin, delayed gastric emptying, and gastric motility, 668
 intraoperative drainage after, 487
 morbidity, preoperative biliary decompression and, 47
 prophylactic octreotide after (*letter*), 262
 Pancreatic resection, intraoperative drainage after, 487
 Pancreatitis
 chronic
 disease-specific genes, DNA array technology, 769
 impact of pancreatic head resection of direct medical costs, 661

necrotizing, conservative management, 572
 Papaverine, in mesenteric vascular occlusion, intestinal viability and (rat), 107
 Pediatric population
 acute hepatic failure, plasmapheresis for, 418
 living donor liver transplantation
 single-center experience, 301
 split-liver transplantation vs., 713
 Wilms tumor, intravascular extension, 116
 Periapillary carcinoma, aggressiveness, telomerase activity and, 344
 Peritoneal cavity
 adhesions, sensory nerve fibers in, 256
 epithelial surface malignancy of appendiceal origin, 198
 intraoperative drainage after pancreatic resection, 487
 Peyer's patches, lymphocyte subpopulations and glutathione metabolism, in endotoxemic mice, effect of oral glutamine, 92
 Plasmapheresis, for acute pediatric liver failure, 418
 Polypoid lesions, gallbladder, 657
 Portal hypertension, recurrent variceal hemorrhage (*letter*), 133
 Preconditioning, protective effect on cold ischemia/reperfusion injury in intestinal transplantation (rat), 98
 Presidential address
 early contributions to the Johns Hopkins Hospital by the "other" surgeon: John Shaw Billings, 267
 surgical education in the third millennium, 709
 Proctocolectomy, restorative proctocolectomy with ileal pouch-anal anastomosis for ulcerative colitis, one- vs. two-stage procedure, 788
 Proliferative activity, in Barrett's esophagus, 172
 Psychological assessment, bile duct injury during laparoscopic cholecystectomy, 5-year follow-up, 750

Q

Quality improvement, in cardiac surgery, 464
 Quality of life
 bile duct injury during laparoscopic cholecystectomy, 5-year follow-up, 750
 gastric bypass, laparoscopic vs. open, 279

R

Radial artery, internal thoracic artery/radial artery T graft for myocardial revascularization, 447
 Radiochemotherapy. *See* Chemoradiation
 Recombinant bactericidal/permeability-increasing protein (rBPI₂), in ischemia/reperfusion-associated sepsis (swine), 233
 Rectal cancer
 adjuvant therapy, 641
 lateral nodal involvement, 190
 low anterior resection, transverse colectomy pouch, 780
 T2, local excision after downstaging chemoradiation, 352
 T3
 local excision after downstaging chemoradiation, 352
 preoperative radiochemotherapy and sphincter-saving resection for, 633
 use of surgical procedures by tumor location, 641
 Renal artery, aneurysms, 454
 Revascularization

- infrainguinal vein bypass, 697
- internal thoracic artery/radial artery T graft for myocardial revascularization, 447
- Rhabdomyosarcoma, adult, outcome and predictors of survival, 215
- Robotics
 - robotic surgical training in academic institution, 475
 - surgery of the 21st century (*Editorial*), 8
 - telerobotic laparoscopic cholecystectomy, 1

S

- Sarcoma, hepatic metastases, resection for, 540
- Sentinel node biopsy, in breast cancer
 - internal mammary sentinel lymph node biopsy, 79
 - optimal surgeon experience, 292
- Sepsis, recombinant bactericidal/permeability-increasing protein (rBPI₂₁) in ischemia/reperfusion-associated sepsis (swine), 233
- Skeletonizing en bloc esophagectomy, 25
- Society of Thoracic Surgeons, national database, quality improvement in cardiac surgery, 464
- Soluble P-selectin glycoprotein ligand, kidney allograft behavior after treatment of brain dead donor (rat), 732
- Staging
 - hilar cholangiocarcinoma, 507
 - internal mammary sentinel lymph node biopsy in breast cancer, 79
- Steroids, kidney allograft behavior after treatment of brain dead donor (rat), 732
- Surgeon experience
 - bile duct injury during laparoscopic cholecystectomy, 549
 - impact on accuracy of sentinel node biopsy in breast cancer, 292
- Surgery/surgical technique
 - acute type A dissection, 336
 - elective colorectal resection, risk factors for surgical site infection, 181
 - endoscopic suturing and knot-tying, 607
 - gastric bypass, laparoscopic vs. open, 279
 - impact of pancreatic head resection on medical costs, 661
 - impact of surgeon's experience on accuracy of sentinel node biopsy in breast cancer, 292
 - laparoscopic vs. mini-laparotomy cholecystectomy, 741
 - living donor kidney transplants: single-center experience with 2500 transplants, 149
 - local excision of T2/T3 rectal cancer after downstaging chemotherapy, 352
 - in multiple endocrine neoplasia type 1 and Zollinger-Ellison syndrome, 495
 - posterior gastric fixation (*letter*), 425
 - renal artery aneurysms, 454
 - reoperation in peritoneal dissemination of appendiceal malignancy, 198
 - restorative proctocolectomy with ileal pouch-anal anastomosis for ulcerative colitis, one- vs. two-stage procedure, 788
 - robotic surgical training in academic institution, 475
 - surgical outcomes, teaching vs. nonteaching hospitals, 370
 - sutureless closed hemorrhoidectomy, 21
 - transverse coloplasty pouch, 780
 - use of surgical procedures by tumor location in rectal cancer, 641

Surgical margin

- prognostic significance in rectal cancer with lateral nodal involvement, 190
- resection margin-positive pancreatic cancer, adjuvant chemotherapy and survival, 758
- Surgical site infection, in elective colorectal resection, 181
- Survival
 - adult rhabdomyosarcoma, 215
 - auxiliary partial orthotopic vs. standard orthotopic liver transplantation for acute liver failure, 723
 - esophageal adenocarcinoma, en bloc esophagectomy, 520
 - esophageal cancer
 - en bloc esophagectomy, 581
 - skeletonizing en bloc esophagectomy, 25
 - hepatocellular carcinoma resection
 - prospective 10-year study, 63
 - underlying cirrhosis, 71
 - intestinal transplantation, 404
 - intraductal papillary mucinous neoplasms of pancreas, 313
 - liver transplantation for hepatitis C, 384
 - peritoneal dissemination of appendiceal malignancy, 198
 - resection margin-positive pancreatic cancer, adjuvant chemotherapy and, 758
 - sarcoma metastatic to liver, hepatic resection for, 540
 - split-liver vs. living donor liver transplantation in children, 713
- Sutures/suturing, endoscopic suturing and knot-tying, 607

T

- Telemedicine, real-time intraoperative consultation in laparoscopic surgery via Internet, 165
- Telomerase activity, in periamпуляр carcinoma, aggressiveness of tumor and, 344
- Thyroid carcinoma, well-differentiated, recurrent, FDG-PET imaging, 804
- Transforming growth factor- β , bone marrow suppression after injury, 224
- Transverse coloplasty pouch, 780
- Trauma
 - abdominal gunshot wounds, 395
 - hematopoiesis inhibition by trauma plasma, 224

U

- Ulcerative colitis, restorative proctocolectomy with ileal pouch-anal anastomosis, one- vs. two-stage procedure, 788
- Ultrasonography
 - lymph node metastases in esophageal cancer, prognostic impact of number of metastases, 613
 - polypoid lesions of gallbladder smaller than 10 mm, 657

V

- Variceal hemorrhage
 - recurrent, prevention in portal hypertension (*letter*), 133
 - treatment (*letter*), 263
- Vasodilators, in mesenteric vascular occlusion, intestinal viability and (rat), 107
- Venous stasis disease, in morbid obesity, risks and benefits of gastric bypass, 41

Videoconferencing, real-time intraoperative consultation in laparoscopic surgery via Internet, 165

W

Wilms tumor, intravascular extension, 116

Wound infection

after pancreaticoduodenectomy, preoperative biliary decompression and, 47
surgical site infection, in elective colorectal resection, 181

Z

Zollinger-Ellison syndrome, surgical results, 495
